

# Ride the Link

Saturday, June 1

11 a.m. - 2 p.m.

Main Street Garden (1900 Main St. in downtown Dallas)

A healthier commute starts here!

**Let's get bike friendly.** Now is a great time to be a cyclist in Dallas.

The city boasts a growing community of cyclists and initiatives such as the Complete Streets

Program, in addition to the bike-friendly amenities Dallas Area Rapid Transit offers on board. Biking is the new way to live, work and play!

Ride the Link celebrates the completion of Centralink, which is the bike trail connector that goes through downtown Dallas and connects Oak Cliff, the Katy Trail and the Santa Fe Trail.

Centralink represents the spirit of regionalism and cooperation between DART, the City of Dallas, Downtown Dallas, Inc. and bike trail organizations. Together, we're expanding transportation choices and increasing mobility!

Kick off National Trails Month at this fun event featuring:

- Tune ups from area bike shops
- Group ride on different Dallas trails
- Civic leaders answering your questions about biking in Dallas
- Music and entertainment from 102.9 Now
- Food and giveaways
- Vendors and valuable information

To see how downtown Dallas bike trails connect to one another, check out the map on the opposite side.
